Night work resuming on Cleveland Street, Surry Hills from Monday 8 October

The NSW Government is funding this project as part of the NSW Safer Roads Program to improve safety for road users and pedestrians.

Roads and Maritime Services is installing a new pedestrian crossing across Cleveland Street between Young Street and Marlborough Street to improve pedestrian safety at this intersection. Two new red turn arrows will be installed to provide additional protection by stopping vehicles from turning while pedestrians are using crossings.

This work aims to minimise the number of crashes involving pedestrians and road users at this busy intersection.
Progress so far and the next stage

Roads and Maritime was scheduled to complete this work on Sunday 22 July but had to postpone a number of shifts due to road access restrictions.

The work still to be done includes installing:

- a new pedestrian crossing across Cleveland Street and new kerb ramps
- a new traffic light post and relocating an existing traffic light post
- new traffic lights with left and right turn red arrows
- new cabling and restoring footpath and road surfaces
- two bicycle racks on Young Street that were previously on Cleveland Street.

We have included a map to show the location of the work.

Our work schedule

We will be on site for six shifts between Monday 8 October and Monday 29 October, weather permitting. Our work hours will be between 10pm and 5am from Sunday to Friday.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by midnight. We have arranged the schedule so you will not be affected by noisy work for more than two nights in a week.

Bus stop ID 201046 on Cleveland Street at Marlborough Street will continue to operate for eastbound services.

Traffic changes

There will again be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our delivery partner, LT Joint Venture, on 1800 735 563 or email info@ltjv.com.au. For more information on our projects, visit rms.nsw.gov.au.

Thank you for your patience during this important work.
